

Meet our new Volunteer Coordinator, Tiffani

"I have officially been the Volunteer Coordinator at You Medical for only a few short weeks, and I am already incredibly grateful for this opportunity.

One of the things I love most about this role is getting to support our Parent Mentors and Advocates. Our Advocates play a vital role in welcoming patients during their first appointments. Alongside our nurses, they have the privilege of sharing Christ's love and the hope of the Gospel with women facing unexpected pregnancies.

For clients who qualify for our Parent Mentor Program, the journey continues through pregnancy and until their baby's first birthday. Our Parent Mentors faithfully walk alongside these families, offering encouragement, education, practical support, and the love of Christ every step of the way.

I am also excited to continue working with our boutique volunteers, whose dedication helps keep our boutique organized, welcoming, and well-stocked for our clients. Every volunteer plays an important role in the ministry, and each one is truly a blessing from the Lord.

Tiffani Crouch
Volunteer Coordinator

"It is a blessing to work alongside these God-fearing women who have a heart for Jesus and a passion for serving the women and families who come through our doors."

As I settle into this position, I am enjoying learning more about the clinical side of You Medical and seeing firsthand how the ministry operates each day. Whether we serve directly with clients or behind the scenes in a support role, we are all part of the work God is doing here. It is a privilege to be part of You Medical and to be used by the Lord to share Christ's love with those we serve."

"For we are His workmanship,
created in Christ Jesus for good works,
which God prepared beforehand so
that we would walk in them."
— Ephesians 2:10

URGENT NEED
We are currently in need of **newborn diapers** and **unscented baby wipes**. Donations of these much-needed items help support the moms and families we serve through our Parenting Program.

Hadassah's Story: Beauty from Brokenness

When Hadassah came to You Medical, it felt like her path had already been chosen. Surrounded by uncertainty, she was set on abortion. Throughout her childhood, Hadassah experienced the consequences of poor and neglectful parenting.

Like so many women, Hadassah longed to break those generational cycles, but believed it would take years to heal. She couldn't imagine providing the kind of life she wanted for her baby.

Continued on the inside...

INSIDE THIS MONTH'S ISSUE:

HADASSA'S STORY:
One client's story about the power of God's redemption.

MOBILE MEDICAL UNIT UPDATE:
Read why this strategic change will help us serve more women and families than ever before.

MEET OUR VOLUNTEER COORDINATOR:
Meet Tiffani and discover how You Medical's dedicated volunteers are sharing Christ's love.

Hadassah’s Story cont....

When she arrived at You Medical, she was met by caring staff who offered her practical support and hope. Like many women facing an unexpected pregnancy, Hadassah wrestled with fear and uncertainty. She longed for the struggle to end but also grieved what abortion would mean. This fear led her to choose an abortion, and the loss of her baby left a deep wound. However, her story didn't end there.

Several years later, when she found herself pregnant again, she returned to You Medical. Abortion was at the back of her mind since it was the only path she knew. However, when she was

met with compassion, safety, and truth, she was reminded that she could become the mother she longed to be. She learned that family cycles can be broken, and that her past did not have to define her future. Most importantly, she heard about the grace, forgiveness, and new life that Jesus Christ freely offers. Hadassah surrendered her life to the Lord and made the courageous decision to choose life for her baby.

Today, she is a loving mother who has surpassed the expectations she once held for herself. Through the Parent Mentor Program, she has grown in confidence, matured in her faith, and found a community that continues to encourage and support her. She is faithfully raising her child while pursuing her education. Her life is a picture of the renewal that the hope and compassion of Christ brings.

Stories like Hadassah’s remind us that our work is about far more than a single appointment. Every conversation, every ultrasound, every prayer, and every act of kindness is an opportunity for God to transform not only one life but future generations.

Mobile Medical Unit Update

Several years ago, You Medical launched the Mobile Medical Unit with a vision of expanding life-affirming medical services beyond our clinic walls and reaching more women facing unexpected pregnancies throughout our community. Many faithful supporters embraced that vision and helped make this opportunity possible.

Because of your generosity, the ministry was able to thoughtfully explore new ways to connect women and families with compassionate medical care and support. Throughout this process, our leadership and Board remained committed to one important question: How can we best steward the resources God has entrusted to this ministry to reach and serve the greatest number of women and families?

Over the past several years, the needs within our community have continued to evolve. While the Mobile Medical Unit provided valuable learning opportunities and services, community utilization remained limited, while demand for services at our medical clinic continued to grow significantly.

After careful evaluation, the Board of Directors determined that concentrating resources on clinic-based services and expanding appointment availability would allow You Medical to serve more women and families more effectively. This decision reflects our commitment to wise stewardship and

ensuring that every dollar invested in the ministry creates the greatest possible impact.

The need for You Medical's services continues to grow. Over the past several years, the ministry has expanded medical staffing, increased ultrasound capacity, strengthened community partnerships, and improved appointment availability.

During the past 12 months alone, appointment **capacity increased by more than 60%**. In 2025, more than 1,650 appointments were scheduled, and over 570 women and families received pregnancy-related medical services, education, mentoring, and material support.

Today, You Medical is serving more women and families than at any point in the past five years. Every day, women walk through our doors seeking answers, support, and hope. Because of faithful partners like you, they are met with compassionate medical care and Christ-centered support.

As we look toward the future, we remain committed to investing resources where they can have the greatest impact for women and families in our community. We are grateful for your prayers, encouragement, and partnership as together we continue offering hope, help, and life-affirming care to those who need it most. Thank you for making this work possible.

“How can we best steward the resources God has entrusted to this ministry to reach and serve the greatest number of women and families?”

PASTOR SPOTLIGHT

BRANDON GREGORY
RELIANCE FELLOWSHIP

I started serving with Tri-Cities Pregnancy network as a Fatherhood Director, back in the days before it was You Medical. I have loved seeing how God has used You Medical in our community to serve women and men wrestling with the news of their pregnancies. The work of pregnancy centers is essential for our community, and it is an honor to be able to support the ministry now as a family pastor at Reliance Fellowship!

Lisa (my wife) and I are grateful to be back in the Tri-Cities with our three kids, after a time serving overseas as missionaries.
